

# CS-LC connector patch cord

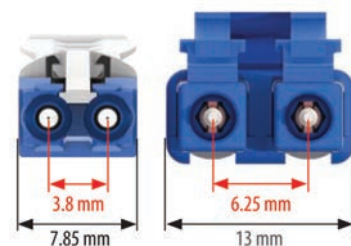

**2 x 200G CWDM4  
QSFP-DD/OSFP**

2 Duplexes in 1 Transceiver

**CS Connector VS. LC Duplex**

CS Connector    LC Duplex

# CS-LC Duplex Single Mode Patch Cord

## Features

- 40% size reduction compared to LC Duplex
- Connector adopted by QSFP-DD, OSFP and COBO
- Performance exceeds LC
- Push/Pull tab for a better usability in high density applications for a better usability in high density applications
- Double the density in patch panel compared to LC
- IEC random mating Grade B

## Application

## Ordering Information

Example:  
 SV-CORD-CSULCU-SM1MD2  
 Starview Fiber Patchcord with CS/UPC to LC/UPCconnector, Singlemode  
 9/125um 1 meter Duplex withtype 2mm bend-insensitive fiber

Manufacturer:	Starview
Type:	Optical Fber Patchcord
Connector Type #1:	CS:CS;
Polishing Grade #1:	U:UPC; A: APC
Connector Type #1:	LC:LC;
Polishing Grade #1:	U:UPC; A:APC
Fiber Type:	SM: Singlemode
Length:	(m) 1-99 M
Cord Type:	D: Duplex Type
Cord Diameter:	(mm) 2; 3;
